

BUCKLE UP. SETTLE IN. LOG ON.

Get online in
three easy steps:

1

Turn on your Wi-Fi (computer or hand-held device)
at 10,000 ft or higher above the Continental U.S.

2

No passwords or user names required.*
Just look for the Aircell® network signal and connect.

3

Enjoy all the benefits of high speed Internet performance.

Please note: if you do not receive a
Wi-Fi signal, you may need to connect via cable
to the Ethernet jack in the cabin.

* While Aircell does not require passwords or user names, your company may.

STAY CONNECTED WHILE YOU FLY.

Once you're online, you'll enjoy performance like you expect in your daily routine. So go ahead and forward your big presentation in advance. Stay in control of your inbox traffic. Download that large report and take a look. Watch some video. Or engage in some vigorous surfing. With Aircell High Speed Internet, you can be as productive as you want to be.

*If you have any questions,
please contact Customer Service
or Technical Support:*
